

Nurse D Signature Infusions

Infusion Name	Description	Price
The LiquiLift®	Our most comprehensive formula—supports detox, energy, and cellular repair with a full spectrum of vitamins, minerals, and amino acids.	\$280
Natural Defense	High-dose Vitamin C and antioxidants to boost immunity and help your body fight off illness and stress.	\$190
Fountain of Youth	Replenishes nutrients that support glowing skin, healthy hair, and strong nails while fighting signs of aging.	\$235
Rise & Shine	Rehydrate and recover fast from fatigue, hangovers, or jet lag with B-complex and minerals.	\$160
The Executive	Enhances mental clarity and focus with B12, magnesium, and amino acids—ideal for high performers and busy professionals.	\$150
Performance Hydration	Designed for active lifestyles—supports muscle recovery, hydration, and endurance with amino acids and electrolytes.	\$255
Mood Mend	A calming infusion designed to support emotional balance, reduce anxiety, and ease symptoms of depression. This blend features magnesium, B-complex vitamins, and amino acids that nourish the nervous system, promote serotonin production, and help regulate mood.	\$255
Focus Flow	Designed to enhance mental clarity, attention span, and cognitive stamina, this infusion blends magnesium, B-complex vitamins, and amino acids that support neurotransmitter balance and executive function. Ideal for clients navigating ADHD, brain fog, or high-focus demands—whether in school, work, or daily life.	\$200
Hormone Harmony	Formulated to ease the transition through perimenopause, this infusion supports mood stability, energy, and hormonal balance. Featuring magnesium, B-complex vitamins, and amino acids, it helps reduce hot flashes, fatigue, and irritability while promoting overall vitality and emotional wellbeing.	\$200
Travel Thrive	Supports hydration, immune defense, and recovery from jet lag with electrolytes, antioxidants, and B vitamins. Ideal for frequent travelers seeking to stay energized and resilient on the go.	\$235
Menstrual Balance	Supports hydration, immune defense, and recovery from jet lag with electrolytes, antioxidants, and B vitamins. Ideal for frequent travelers seeking to stay energized and resilient on the go.	\$255
